## TRAVEL PLANNING

Thanks to the new door-to-door travel planning within the new CFL mobile app, planning your trip has become much easier. The days when you had to search for the nearest train station around your destination are over! Enter the address or point of interest (POI) in the search field and the app will guide you from your current location to your destination - from door to door.

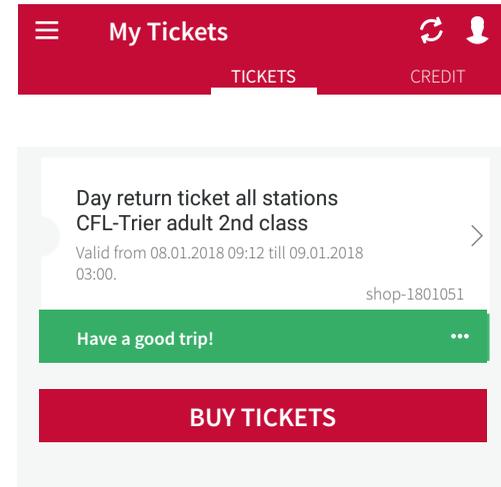

## SHARING TRAVEL INFORMATION

From now on, a new feature within the CFL mobile app makes it easier to share information about your trip with others. Take advantage of the numerous options to share the result of your timetable search with the person of your choice. By clicking on the calendar icon, you are able to save your connection details in your smartphone's calendar.

## TICKET PURCHASE

Purchase your tickets for national and some cross-border connections right inside the app! Once registered, your purchase will only take a few moments: whether you are buying a single ticket or a monthly subscription fee.
